Solution for Fastening...

VISION

Our vision is to provide total customer satisfaction by giving the customer the right product, at the right time, at the right price.

MISSION

Our Mission is to enhance product quality, lower down the product cost by continually upgrade the technologies and let our customer always be satisfactory. Caring for environment & people.

QUALITY POLICY

We at THREE SIXTY INDUSTRIES are committed to deliver quality Products and services for customers that conform to the requirements of Interested Parties Needs & Expectations and complying with applicable statutory & regulatory requirements.

In order to achieve this, we have instituted a comprehensive Quality management system that is implemented with the active involvement and commitment of all employees.

We endeavor to the continual improvement of our processes in our practices and employee-skills.

OUR STRENGTHS & CAPABILITIES

Skilled Work Force

Experience and expertise of over 35 years in the field of Cold Forging

Multi National Machineries

Wide range of reputed brands of machineries with diversified manufacturing scope

Design Facilities

Simulation, Design done at In-House with Utilization of Cold Forming Simulation Software for High Accuracy and Precision Cold Forming

In-House Production Process Flow

Outsourced Sourcing & Production Process Flow

WHY US?

- Quality is our top priority.
- Re tapping is not required after welding on our weld nuts or any specially customized welding parts.
- We maintain **in-house toolroom** facilities to ensure stringent quality control and to facilitate efficient new product development through timely tooling support , precision & engineering.
- Tool cost **100% refundable** for new product development.
- New Product Development **cost is free** (Machine idle time, labor charges & others related expense)
- When converting parts from a machining route to a forging route, it is possible to achieve **cost savings** of up to **40%**. This change not only reduces the overall cost of the parts but may also enhance product strength & longevity.
- Experience and expertise of over **35 years** in the field of Cold Forging.
- We are Forging in the **lowest tolerance** of 0.05mm.
- There is **No minimum order quantity** for STD products.
- Free door step delivery** within 24hrs of placing the order.
- 24 x 7** technical supports.

PRODUCT EXAMPLES

CAPACITY: M3 to M16, OD 5mm to 25 mm, Length 5mm to 30mm
